Lifestyle and community

At Hebburn Court, both our staff and residents play integral roles within the local community, having fun and being inclusive. We organise events such as talks and entertainment featuring local singers, dancers, and performers. Our friendly neighbours and volunteers often come by for a chat over tea.

Our carers take the time to understand what each resident finds fulfilling, whether it's respecting their time alone or encouraging hobbies such as writing, painting, dancing, baking, board games or gardening.

We encourage our residents to give us their opinions and ideas to help us make them happy.

Food and Nutrition

In our home, dining is more than just having nutritious and delicious food; our team wants mealtimes to be special each day while being together and having a good time. Residents get three meals a day, plus snacks and drinks throughout. We use fresh ingredients and focus on making meals that have the required nutrients and calories, are tasty and fit the season.

Eating is fun and brings everyone together. Our dining rooms are made to be relaxed and happy places, with a variety of different foods to choose from. We celebrate birthdays and special days such as Valentine's Day, Mother's Day, St. George's Day, and National events.

Our team

Our highly trained team consists of CQC Registered Manager, Deputy Manager, Qualified Nurses, Nursing Assistants, Senior Carers and Carers. The team is dedicated and committed to deliver a high standard of care, to meet every individual's needs and capabilities.

Our team makes sure that all our residents receive the kindest possible care. Our extensively trained team will deliver all the nursing and specialist care and support services that your loved one requires.

When creating personalised care plans, we take into consideration not only medical, personal, and dietary needs, but also the individual's likes and dislikes, religious preferences, and suggestions from family members that might make their stay with us that little bit more enjoyable.
